

# ANNUAL REPORT

F I S C A L Y E A R

2015

A LETTER FROM OUR  
**PRESIDENT**

Fiscal Year 2025 was another outstanding year for the Mississippi Lottery Corporation, driven by strong sales in both instant and draw games. This performance translated into \$80 million transferred to the state for road and bridge repairs and \$33,001,105.82 to the Education Enhancement Fund. Additionally, we collected \$70,816 in state tax debt set-offs for the Department of Revenue and \$71,169 in outstanding child support for the Department of Human Services.

Player enthusiasm fueled total gross sales of \$444,378,248, resulting in \$113,001,105.82 being transferred to the state. These results reflect the excitement and trust Mississippians continue to place in our games.

Fiscal Year 2025 was also marked by thrilling game updates and historic wins. In April, we launched the enhanced Mega Millions® game, the first major national update since 2017. While Mississippians have enjoyed Mega Millions since 2020, the revamped game introduced a \$5 ticket price and an upgraded prize structure, creating even more excitement and opportunities for big wins statewide.

This year brought truly historic moments for our players. On February 10, a lucky player in Petal made history by winning \$10 million on a Powerball Double Play® ticket—the largest prize ever claimed in Mississippi Lottery history. Remarkably, this was only the fifth Double Play jackpot winner nationwide since the feature launched in 2021. Just four months later, another milestone was reached when a Mississippi Match 5 ticket purchased at 69 Mart in Columbus hit a record-breaking \$1.2 million jackpot, the first seven-figure prize in the game's history.

These extraordinary wins highlight the excitement and opportunity the Mississippi Lottery provides for players, while continuing to generate essential funding for our state's priorities. Fiscal Year 2025 reflects our ongoing commitment to innovation, entertainment, and making a meaningful impact in communities across Mississippi.

Promotions continue to play a key role in our growth. This year, we tied our promotions directly to sales, offering near-quarterly "bonus promotions" where players can enter non-winning tickets for a chance at cash prizes and gift cards. This approach allows us to utilize unclaimed prizes effectively while encouraging instant ticket sales. We launched this initiative with the \$20 My Lottery Dream Home™ scratch-off in November 2025, celebrating our fifth anniversary.

Ultimately, the successes of FY2025 are a testament to the excitement of our players, the dedication of our retailers, the support of our vendors, and the commitment of Mississippi Lottery staff. Thank you all for helping us make this year a remarkable one.

**Jeff Hewitt**  
Mississippi Lottery President

Each year brings new opportunities to reflect on how far we've come and how much further we can go. Since selling our very first ticket in November 25, 2019, the Mississippi Lottery has grown into a strong and steady contributor to our state's progress. Fiscal Year 2025 continued that momentum, with \$444.4 million in sales and \$113 million transferred to the state.

Behind every ticket sold and every winning moment are more than 1,800 retailers spanning our state, from Corinth to Biloxi. Each and every retailer plays a vital role in connecting players to the fun, excitement, and purpose of the Mississippi Lottery. Together with our dedicated staff and vendors, they form the backbone of our success.

Our mission extends far beyond games. By law, the first \$80 million of annual net proceeds continues to support road and bridge improvements across Mississippi, helping strengthen the infrastructure that keeps our communities connected. After meeting that goal this year, more than \$33 million in additional proceeds flowed into the Education Enhancement Fund, supporting schools and students statewide.

We're proud, too, of the Lottery's contributions beyond transfers, helping the Department of Revenue recover \$70,816 in back taxes and \$71,169 in past-due child support during FY25. These are small numbers compared to our total impact, but they reflect something larger: a consistent effort to serve Mississippi families in meaningful ways.

What makes all this possible is the enthusiasm and support of our players, along with the commitment of our people: the Lottery team, our retailers, vendors, and leadership. A team that approaches every day with integrity, creativity, and determination. Their hard work ensures that the Mississippi Lottery continues to deliver results that matter.

As we look to the future, I have every confidence that this organization will continue to grow, adapt, and serve with the same sense of purpose and pride that has guided us since day one.

**Michael J. "Mike" McGrevey, PhD**  
Mississippi Lottery Board Chairman

## SUCCESSFUL PROMOS

Per the Alyce G. Clarke Lottery Act, any unclaimed prize money shall be added to the pool from which future prizes are to be awarded or used for special prize promotions. Throughout Fiscal Year 2025, the Mississippi Lottery paired all promotions with sales, with "Bonus Promotions" awarding additional cash prizes and gift cards to those who entered non-winning scratch-offs for the \$20 My Lottery Dream Home, \$5 Pink Panther Diamond Tripler, and the trio of Hot Games - \$2 Heat Stroke, \$5 Blazing Hot Bucks and \$10 Red Hot Cash.

## DRAW GAME UPDATES

The Mississippi Lottery launched the enhanced Mega Millions® game on April 5, 2025, marking the first major update to the national draw game since 2017. While Mississippians have been playing Mega Millions since its introduction on January 20, 2020, the revamped game featured a new \$5 ticket price and an upgraded prize structure designed to deliver more excitement and bigger winnings.

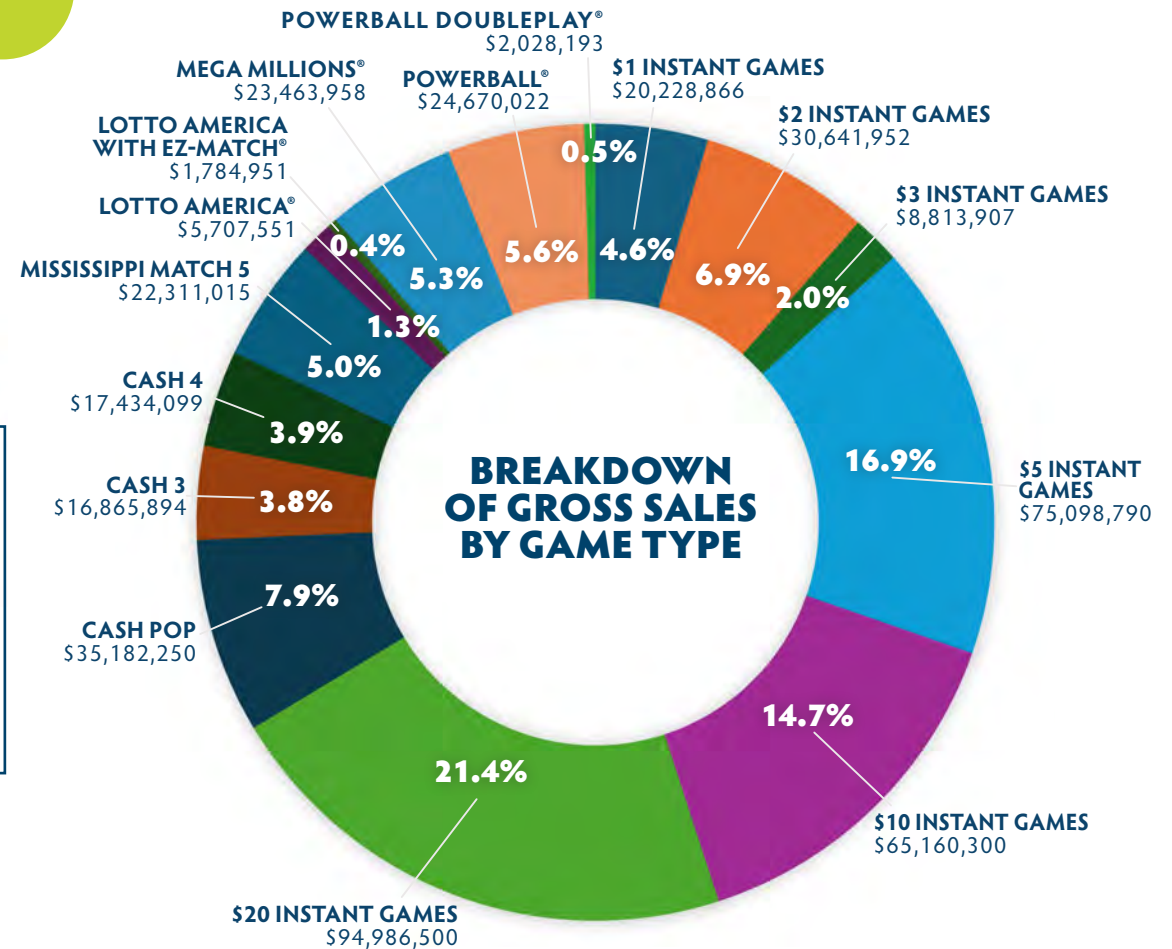

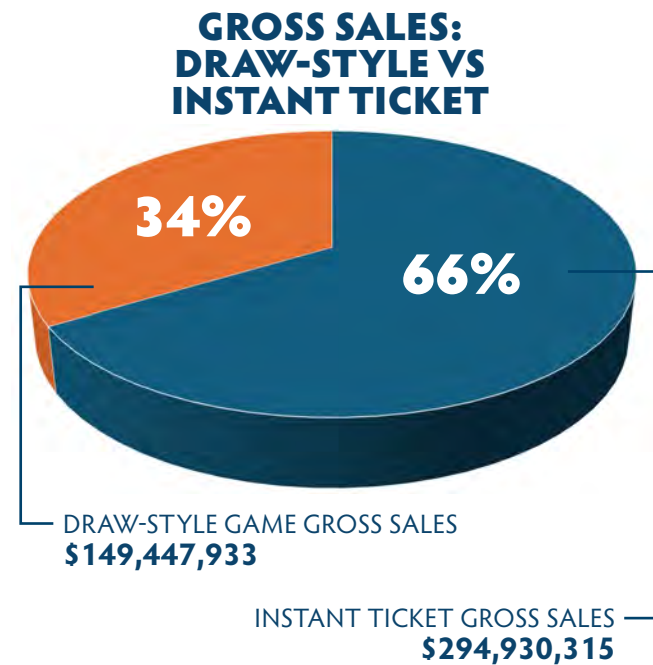

## HISTORIC Wins

Mississippi Lottery history was made Feb. 10, 2025, when a Powerball ticket purchased at Petal Food Mart in Petal matched all five Double Play® white balls plus the Double Play Powerball to win an incredible \$10 million—the largest lottery prize ever won in Mississippi. The historic win also marked only the fifth Double Play jackpot winner nationwide since the feature launched in 2021, joining previous winners from Maryland, Florida, and Kentucky.

The Mississippi Lottery saw its largest Mississippi Match 5® win four months later when a ticket purchased at 69 Mart in Columbus hit the largest jackpot ever in the game—a record-breaking \$1.2 million prize from the June 4 drawing, marking the first seven-figure win in the game's history.

# BREAKDOWN OF GROSS SALES

FY25 TOTAL GROSS SALES **\$444,378,248**

# MEET THE BOARD

Gov. Phil Bryant appointed the initial members of the Mississippi Lottery Corporation Board of Directors in October 2018. After the expiration of the initial terms, members of the board serve terms of five years.

### Dr. Mike McGrevey, Chairman

Dr. Mike McGrevey served a distinguished career in senior leadership positions in economic development, public service, the private sector, academia and the military. In April of 2022, he retired from his position as the Deputy Director and Chief Financial Officer at the Mississippi Development Authority. Dr. McGrevey has extensive experience in financial management to include serving as Chief of Staff, Vice President of Finance and Administration and Chief Financial Officer at Mississippi State University. As a career military officer serving in the U.S. Air Force, he served as a Chief Financial Officer.

### Dr. Cass Pennington

Dr. Pennington is a retired educator and former superintendent of both the Indianola and West Tallahatchie school districts. Prior to that, he was the Indianola Junior High School principal, teacher and coach.

Pennington served as Executive Director of Delta Health Alliance from 2004 to 2008 and currently sits on its board. He's a former member of the Mississippi Board of Trustees of the Institutions of Higher Learning, the Mississippi Instructional Management Task Force, and the South Sunflower County Hospital. He is a former president of the Delta Council. Additionally, Dr. Pennington has served on the Mississippi State Health Board and as administrative assistant to the president at Delta State University.

### Kimberly LaRosa

Ms. LaRosa has been the president/CEO of Renaissance Community Loan Fund since 2008. She is responsible for providing direction and leadership in the formation of a team and framework. She performs executive, supervisory, and management functions and duties as assigned by the chairman and board of directors and has general charge of the business, affairs and property of the corporation.

LaRosa's experience includes overseeing loan origination, servicing, funding, investing in real estate mortgage loans, commercial lending, overseeing the company's majority share of a 118-unit independent senior living facility and meeting the demand for the organization's capital needs.

### Philip A. Chamblee, Vice Chairman

Mr. Chamblee is currently the Executive Director/CEO of the Mississippi Petroleum Marketers & Convenience Stores Association and the Mississippi Propane Gas Association. He manages two large trade associations providing vital business services to the membership, while successfully working with numerous federal and state regulatory agencies and the Mississippi Legislature to improve the overall business environment for the member industries.

Chamblee has more than 30 years of experience in progressively challenging sales and management positions, expertise in public relations, business development, operations, purchasing, human resources and budgeting.

### Gerard Gibert

Mr. Gibert founded Venture Technologies, a Technology Solutions Provider headquartered in Ridgeland, MS, in 1986. He served as the company's CEO from launch until its sale to publicly traded ConvergeOne in January 2019.

Gibert earned a bachelor's degree in Accounting from the University of Mississippi. He worked as a senior consultant in the Management Information Consulting Division of Arthur Andersen & Co., the division that evolved into Accenture.

Prior to ConvergeOne's acquisition of the company, Gibert engineered Venture's acquisition of five companies between 2014 and 2018, increasing annual revenues to \$225 million with a staff of 303 across 11 states.

He currently hosts MidDays with Gerard Gibert on SuperTalk Mississippi, each weekday, 10 a.m. to 1 p.m.

{from left to right on the first row}

Sabrina Gill, Vice President of Human Resources; Alison Fryant, Vice President of Finance; Jeff Hewitt, President; Savannah Tirey, Vice President of Communications & Social Media

{from left to right on the back row}

Tim Snyder, Vice President of Gaming & IT; Steven Blanchard, Executive Vice President of Operations & IT; Donald Minter, Vice President of Sales; Dan Turner, Vice President of Marketing & Graphic Design

FY25 PRIZES AWARDED:

# \$270,415,189

MS LOTTERY  
**WINNERS**

During Fiscal Year 2025, the Mississippi Lottery awarded a total of \$270,415,189 in prizes, representing a 2.3 percent increase over Fiscal Year 2024. Notable winners included the largest Mississippi Lottery winner to date, who claimed a \$10 million Powerball Double Play® jackpot, followed two days later by a \$2 million Powerball winner. The fiscal year also marked the first six-figure Mississippi Match 5 jackpot winner, with a prize of \$1.2 million.

# MISSISSIPPI LOTTERY RETAILERS

Mississippi Lottery retailers are part of nearly every community across the state, 81 of 82 counties, to be exact. These local businesses are more than just places to buy tickets; they're friendly faces behind the counter, part of the excitement when someone wins, and key partners in the Lottery's success. With 1,847 active retailers, the Lottery's reach stretches from smalltown gas stations to big city convenience stores, giving players countless chances to dream big wherever they go.

That partnership pays off. Every approved retailer earns a six-percent commission on ticket sales, adding \$26,674,700 in earnings during Fiscal Year 2025. Retailers who sell draw game tickets resulting in \$1 million or more in winnings also receive a

special \$5,000 incentive check as a thank-you for being part of a life-changing moment. This past year, those moments happened in Petal, where a retailer sold the largest ticket in Mississippi Lottery history—a \$10 million Powerball Double Play® jackpot; in Mendenhall, where a \$2 million Powerball ticket was sold; and in Columbus, where a retailer sold the first seven-figure Mississippi Match 5 jackpot ticket worth \$1.2 million.

The Mississippi Lottery is proud to partner with these hardworking retailers whose enthusiasm and dedication help make good things happen across the state. Together, we're not just selling tickets, we're supporting road, bridges, education, and spreading a little excitement along the way.

## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Mississippi Lottery Corporation  
Flowood, Mississippi

## REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

### OPINION

We have audited the accompanying financial statements of the Mississippi Lottery Corporation (the "Corporation"), a component unit of the State of Mississippi, as of and for the years ended June 30, 2025 and 2024, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of June 30, 2025 and 2024, and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Corporation, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The

risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### REQUIRED SUPPLEMENTARY INFORMATION

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 15–24 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic

financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with Government Auditing Standards, we have also issued our report dated September 23, 2025, on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Corporation's internal control over financial reporting and compliance.

CARR, RIGGS & INGRAM, L.L.C.

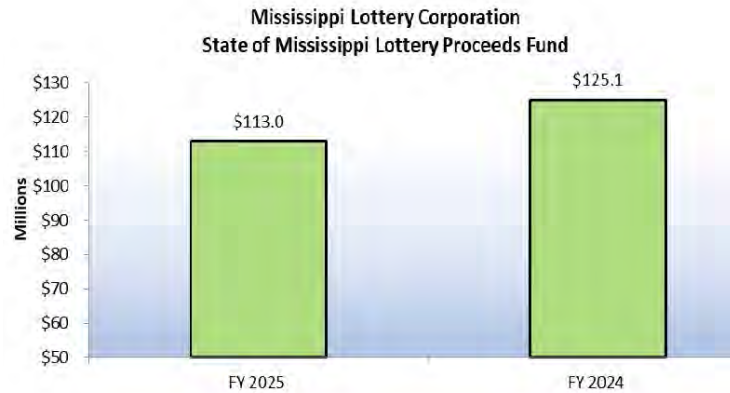

Ridgeland, Mississippi  
September 23, 2025

## MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of Mississippi Lottery Corporation (the Corporation) financial performance provides an overview of the Corporation's financial activities for the fiscal years ended June 30, 2025, and 2024. Readers are encouraged to consider the information presented here in conjunction with the Corporation's financial statements, which immediately follow this discussion and analysis.

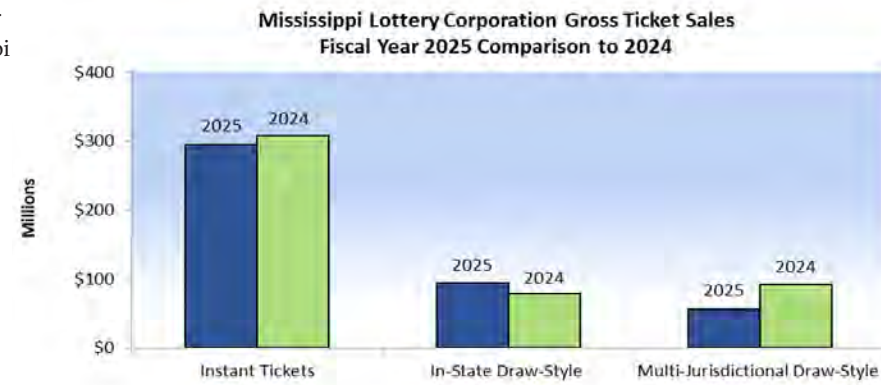

### FISCAL YEARS 2025 AND 2024 FINANCIAL HIGHLIGHTS

The Mississippi Lottery Corporation transferred \$113.0 million in fiscal year 2025 compared to \$125.1 million in fiscal year 2024 to the State of Mississippi Lottery Proceeds Funds, bringing the total to over \$691.7 million since sales began November 25, 2019.

In accordance with the Alyce G. Clarke Mississippi Lottery Law (the Law), the first \$80 million transferred each fiscal year will be used to fund infrastructure projects throughout the state. Proceeds exceeding \$80 million per fiscal year will be transferred into the Education Enhancement Fund for the purposes of funding the Early Childhood Learning Collaborative, the Classroom Supply Fund, and other educational purposes.

Gross ticket sales for the fiscal year 2025 were \$444.4 million, and in fiscal year 2024 gross ticket sales were \$477.6 million, bringing the total gross ticket sales since inception to more than \$2.6 billion.

Total actual prizes paid for fiscal year 2025 were \$270.4 million and \$264.3 million in 2024.

- The Magnolia State celebrated a historic moment when a Powerball ticket sold in Mississippi matched all five Double Play white balls plus the Double Play Powerball, claiming the game's \$10 million dollar jackpot. This remarkable achievement marks the largest prize ever won in Mississippi Lottery history. This win represents only the fifth time the Double Play jackpot has been hit since the game's launch in 2021, making Mississippi's milestone even more extraordinary.
- One lucky Mississippi Lottery player won a record-breaking \$1.2 million on a Match 5 ticket, the largest and first ever seven-figure Mississippi Match 5 jackpot in the game's history. This historic win marks a major milestone for the in-state draw game and highlights the growing excitement around Mississippi's own in-state jackpot game.

The Corporation's retailers earned almost \$26.7 million in fiscal year 2025 and \$28.7 million in fiscal year 2024 in commissions and incentives.

Management credits the Corporation's success to its unwavering commitment to its mission: to operate in a manner that ensures the people of Mississippi benefit from its profits. This success is grounded in a strong foundation of security, integrity, strategic planning, and effective marketing.

### OVERVIEW OF THE FINANCIAL STATEMENTS

The Corporation is accounted for as a business-type activity and is a discretely presented component unit of the State of Mississippi, reporting transactions using a full accrual basis of accounting. This discussion and analysis is intended to serve as an introduction to the Corporation's basic financial statements, along with notes to the financial statements. The basic financial statements include the Corporation's statements of net position on page 27; statements of revenues, expenses, and changes in net position on page 28; and statements of cash flows on page 29.

The statement of net position reflects the Corporation's financial position at June 30, 2025 and 2024. The statements of revenue, expenses, and changes in net position for the years ended June 30, 2025 and 2024 report the revenues and expenses related to the lottery operations.

The statements of cash flows for the years ended June 30, 2025 and 2024 report cash inflows and outflows related to lottery operations.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements begin on page 30 of the financial statements.

## FINANCIAL SUMMARY

### ASSETS

When comparing fiscal year 2025 to 2024, total assets increased by \$2.9 million. This increase is primarily attributable to an increase in unclaimed prizes, which contributed to an overall rise in cash balances at year-end. Retailer accounts receivable increased \$196.0 thousand during the fiscal year 2025. Additionally, cash increased \$3.0 million, largely driven by receipt of funds to cover prizes won during the fiscal year.

Comparatively, total assets increased by \$9.0 million from fiscal year 2023 to 2024. This increase is primarily due to higher lottery ticket sales, resulting in increased cash balance at the end of the fiscal year. Retailer accounts receivable increased \$1.8 million during the fiscal year 2024, and cash increased \$6.8 million, as a result of funds received from lottery ticket sales.

As detailed in Note 3 to the financial statements:

- Capital assets, net of depreciation, were \$1.0 million and \$1.1 million as of June 30, 2025 and 2024, respectively.
- Right-to-use leased assets, net of amortization, totaled \$977.6 thousand and \$1.2 million as of June 30, 2025 and 2024, respectively.

For comparison:

- Capital assets, net of depreciation, remained consistent at \$1.1 million as of both June 30, 2024 and 2023.
- Right-to-use leased assets, net of amortization, were \$1.2 million and \$1.4 million as of June 30, 2024 and 2023, respectively.

### LIABILITIES

When comparing fiscal year 2025 to 2024, total liabilities increased \$2.9 million. The increase is primarily driven by the increase in liabilities related to prizes payable to players for both instant and draw-style ticket sales as of June 30, 2025. Additionally, the Corporation was scheduled to transfer \$9.2 million to the State of Mississippi for June 2025.

In comparison, total liabilities increased \$9 million from fiscal year 2023 to 2024. The increase was also primarily attributable to higher prize liabilities for both instant and draw-style ticket sales at June 30, 2024. The Corporation was scheduled to transfer \$9.1 million to the State of Mississippi for June 2024.

### NET POSITION

The Corporation's net position consists of three components: net investment in capital assets, restricted for prize reserve on deposit, and unrestricted net position.

- Net investment in capital assets reflects the Corporation's investment in capital assets and right-to-use leased assets, net of accumulated depreciation, amortization, and outstanding long-term lease liabilities.
- Restricted for prize reserve on deposit represents funds held with the Multi State Lottery Association (MUSL) to support prize reserves for Lotto America, Powerball, and Mega Millions. These reserves are designated for use in the event of multiple large prize winners in succession.
- Unrestricted net position includes all other assets available to support ongoing operations and obligations not otherwise classified.

## FINANCIAL SUMMARY (CONTINUED)

### OPERATING REVENUES

Operating revenues are derived primarily from lottery ticket sales and retailer license fees. Gross ticket sales totaled \$444.4 million, \$477.6 million, and \$467.7 million for the fiscal years ended June 30, 2025, 2024, and 2023, respectively. A breakdown of gross and net ticket sales for each of the past three fiscal years is presented below:

Ticket Sales	2025	2024	2023
\$1 instant tickets	\$ 20,228,866	\$ 17,319,676	\$ 20,869,256
\$2 instant tickets	30,641,952	35,049,986	37,300,986
\$3 instant tickets	8,813,907	10,862,766	16,184,463
\$5 instant tickets	75,098,790	85,347,740	88,601,585
\$10 instant tickets	65,160,300	60,601,570	62,771,710
\$20 instant tickets	94,986,500	98,314,600	85,772,760
Total instant tickets	294,930,315	307,496,338	311,500,760
Cash 3	16,865,894	16,619,486	18,815,490
Cash 4	17,434,099	16,988,686	16,705,654
Mississippi Match 5	22,311,015	20,291,051	17,078,041
Cash Pop	35,182,250	24,733,939	13,280,596
Lotto America with EZ-Match	1,784,951	384,379	-
Total in-state draw-style game sales	93,578,209	79,017,541	65,879,781
Lotto America	5,707,551	987,849	-
Mega Millions	23,463,958	34,434,969	41,125,136
Powerball	24,670,022	53,694,266	49,220,277
Powerball Doubleplay	2,028,193	1,950,343	-
Total multi-jurisdictional draw-style sales	55,869,724	91,067,427	90,345,413
Gross ticket sales	444,378,248	477,581,306	467,725,954
Less tickets provided as prizes	(3,918,435)	(3,931,432)	(4,911,730)
Net ticket sales	\$ 440,459,813	\$ 473,649,874	\$ 462,814,224

### INSTANT TICKET SALES

In fiscal year 2025, Instant Ticket sales totaled \$294.9 million, compared to \$307.5 million in fiscal year 2024. Instant tickets represented 66.4% of total ticket sales in 2025, up from 64.4% in the prior fiscal year.

A total of 37 new instant ticket games were introduced during the year, including Mississippi Lottery's anniversary game "HGTV's My Lottery Dream Home" (©2024 Warner Bros. Discovery). This game featured a \$1 million dollar second chance-prize, along with a unique promotional opportunity allowing players to win cash prizes and digital gift cards through second-chance entries.

Instant ticket sales declined by \$12.6 million in fiscal year 2025 compared to the prior year. While there was growth in sales of \$1 and \$10 price point instant tickets during FY2025, all other price points experienced a year-over-year decrease. The chart below provides a comparative breakdown of instant sales by price point for fiscal years 2025 and 2024:

The Corporation's marketing strategy, ongoing product development, and effective management of the instant game portfolio and product mix have positioned it to consistently deliver high-quality games and maintain sufficient inventory to meet player demand.

## FINANCIAL SUMMARY (CONTINUED)

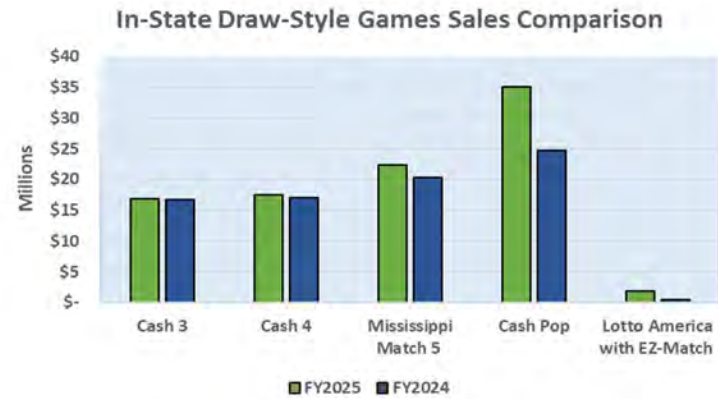

### IN-STATE DRAW-STYLE SALES

The Mississippi Lottery Corporation continues to see growth and diversification in its in-state drawstyle game portfolio. A breakdown of sales performance by game for fiscal years 2025 and 2024 is provided below:

- Cash 3, launched statewide on September 1, 2020, generated \$16.9 million in sales in FY2025, up slightly from \$16.6 million in FY2024.
- Cash 4, launched January 10, 2022, recorded \$17.4 million in FY2025 sales, compared to \$16.9 million in FY2024.
- Mississippi Match 5, launched April 28, 2021, saw sales increase to \$22.3 million in FY2025 from \$20.3 million in FY2024.
- Cash Pop, introduced on November 20, 2022, experienced significant growth with \$35.2 million in sales in FY2025, compared to \$24.7 million in FY2024.
- Lotto America, launched on May 12, 2024, included the EZ Match feature, which allows players to win up to \$500 instantly. EZ Match sales totaled \$1.8 million in FY2025, a substantial increase from \$384.4 thousand in FY2024.

Total sales of in-state draw-style games reached \$93.6 million in FY2025, accounting for 21.1% of total ticket sales, compared to \$79.0 million or 16.6% in FY2024. The primary driver of this growth was Cash Pop, which contributed a \$10.4 million year-over-year increase.

The chart below provides a visual comparison of in-state draw-style game sales for fiscal years 2025 and 2024:

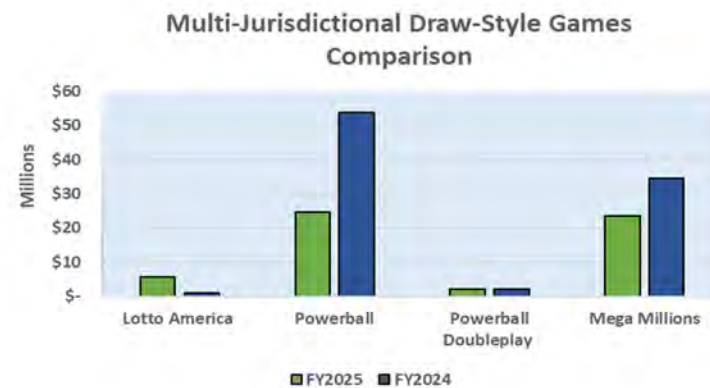

### MULTI-JURISDICTIONAL DRAW-STYLE GAMES

- In fiscal year 2024, the Corporation launched *Lotto America*, a multi-jurisdictional draw-style game with jackpots starting at \$2 million. Sales for the game totaled \$5.7 million in FY2025, compared to \$987.8 thousand in its launch year, FY2024.
- *Mega Millions* sales reached \$23.5 million in FY2025, representing a \$10.9 million decrease from the prior year. The drop is attributed to the lack of billion-dollar jackpots in FY2025, whereas FY2024 featured two billion-dollar jackpots, significantly boosting sales. On April 5, 2025, Mega Millions underwent a major game update, introducing larger starting jackpots (\$50 million), automatic multipliers, and enhanced prize structures.
- Powerball sales totaled \$24.7 million in FY2025, a \$29.0 million decrease from FY2024. The year-over-year decline was largely due to the presence of larger jackpot runs in FY2024, which typically drive higher sales.
- On November 5, 2023, the Corporation added the Double Play feature to Powerball, giving players a chance to win up to \$10 million using their same Powerball numbers. Sales for the Double Play add-on were \$2.0 million in FY2025, following \$1.9 million in FY2024.

Total multi-jurisdictional draw-style game sales for fiscal year 2025 were \$55.9 million, accounting for 12.6% of total ticket sales, compared to \$91.1 million and 19.0% in fiscal year 2024. As with prior years, sales for these games remain largely jackpot-driven, with fluctuations dependent on the frequency and size of major jackpots.

The chart below presents a comparison of multi-jurisdictional draw-style game sales for fiscal years 2025 and 2024:

## FINANCIAL SUMMARY (CONTINUED)

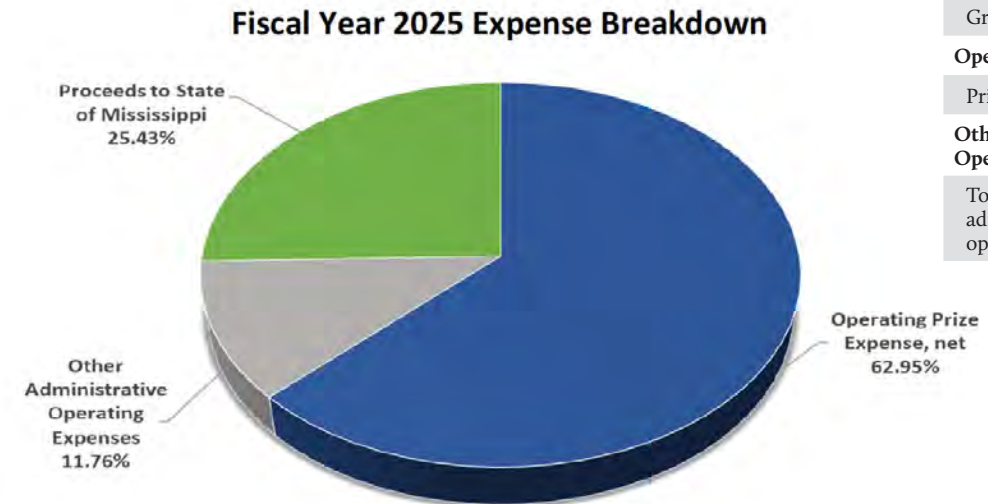

### MULTI-JURISDICTIONAL DRAW-STYLE GAMES (CONTINUED)

The Corporation experienced a \$33.2 million decrease in total lottery ticket sales for fiscal year 2025, representing a 7% decline compared to fiscal year 2024. This reduction is primarily attributed to the exceptionally strong performance of multi-jurisdictional games in FY2024, when Powerball and Mega Millions jackpots surpassed the billion-dollar mark five times, significantly boosting sales during that period.

### TOTAL OPERATING EXPENSES

In accordance with Section 26(c-d) of the Alyce G. Clarke Mississippi Law, prize payments must equal no less than 50% of gross revenues, while operating and administrative costs are limited to no more than 15% of the total gross revenues. The remaining net proceeds are transferred to the Lottery Proceeds Fund in the State Treasury to benefit the State.

The below provides a high-level percentage breakdown of lottery expenses for the fiscal year 2025, in alignment with these statutory requirements.

Lottery total operating expenses, inclusive of net prize expenses, were over \$331.9 million for fiscal year 2025 as compared to \$352.7 in fiscal year 2024. Of this amount, net prize expenses were \$279.7 million and other administrative operating expenses were \$52.3 million in fiscal year 2025. In fiscal year 2024, prize expenses were \$298.7 million and other operating expenses were \$54.1 million.

	FY 2025	%	FY 2024	%
<b>Operating Revenues</b>				
Gross ticket sales	\$ 444,378,248	100.00%	\$ 477,581,306	100.00%
<b>Operating Prize Expense</b>				
Prize expense	\$ 279,723,313	62.95%	\$ 298,661,533	62.54%
<b>Other Administrative Operating Expenses</b>				
Total other administrative operating expenses	\$ 52,251,290	11.76%	\$ 54,081,285	11.32%

% shown as a percentage of gross ticket sales

## FINANCIAL SUMMARY (CONTINUED)

### OPERATING PRIZE EXPENSE

Net prize expense is directly correlated to the proportional sales mix of instant and draw-style games, as well as promotional prizes.

- For instant ticket games, prize expense is managed through a pre-approved prize structure established prior to ticket printing. Prize expense is recognized in proportion to ticket sales, based on this structure. Gross prize expense for instant games in fiscal year 2025 totaled \$204.1 million.
- For draw-style games—including Cash Pop, Cash 3, Cash 4, Mississippi Match 5, Lotto America with EZ Match, Powerball, and Mega Millions—prize expense is recorded based on game specific rules and calculated as a percentage of sales for each drawing, recognized on the day of the draw. Gross prize expense for draw-style games in fiscal year 2025 was \$79.2 million.
- Prize expense is reduced by unclaimed prizes, which are recognized once the applicable claim periods expire 90 days after game closure for instant tickets and 180 days after each drawing for draw-style games. In fiscal year 2025, unclaimed prizes totaled \$3.5 million, all related to instant games.

### OTHER ADMINISTRATIVE OPERATING EXPENSES

Other administrative operating expenses for the Corporation include, but are not limited to:

- Retailer commissions
- Gaming vendor fees
- Salaries and wages
- Marketing and advertising costs
- Depreciation and amortization
- General administrative expenses

These expenses are essential to the operation of the lottery and are managed in accordance with budgetary controls and statutory limits.

### NONOPERATING REVENUES AND EXPENSES

Nonoperating revenues and expenses primarily consist of required transfers to the State of Mississippi Lottery Proceeds Fund, along with interest income and expense.

In accordance with the Mississippi Lottery Law, the Corporation is required to transfer net proceeds to the Lottery Proceeds Fund in the State Treasury monthly.

- For fiscal year 2025, net transfers totaled \$113.0 million.
- For fiscal year 2024, net transfers totaled \$125.1 million.

Under current law, through June 30, 2028, the first \$80 million of net proceeds each fiscal year is allocated to the Mississippi State Highway Fund. Any excess proceeds beyond \$80 million are transferred to the Education Enhancement Fund, where they support initiatives such as the Early Childhood Learning Collaborative, the Classroom Supply Fund, and other educational programs across the state.

### NET POSITION

During the year ended June 30, 2023, the Corporation adopted a revised methodology for determining the amount transferred to the State. Under this approach, the transfer is calculated to equal the change in net position as reported on the Statement of Revenues, Expenses, and Changes in Net Position. This change in methodology remains consistent with the statutory requirements set forth in the Mississippi Lottery Law.

### DETAILED ANALYSES

As of June 30, 2025, the Corporation had no significant changes to its major funds, governmental activities, or business type activities as presented in the financial statements. All financial reporting remains consistent with the prior year's classifications and disclosures.

## SIGNIFICANT CAPITAL ASSETS

As of June 30, 2025, the Corporation reported net capital assets of \$2.0 million, compared to \$2.3 million at the end of the prior fiscal year. Capital assets primarily consist of building and leasehold improvements, equipment, vehicles, and right-to-use leased assets.

- Building and leasehold improvements are depreciated over the applicable lease term.
- Equipment and vehicles are depreciated over estimated useful lives ranging from 3 to 7 years.
- Right-to-use leased assets are amortized over the term of the associated lease agreements.

A summary of changes in major capital asset categories is presented in the table below. Additional details can be found in Note 3 of the notes to the financial statements.

	2025	2024	TOTAL % CHANGE
Building and Leasehold improvements	\$ 912,598	\$ 808,443	11.41%
Equipment	987,336	987,336	0.00%
Vehicles	915,388	809,505	11.57%
Right to Use Assets	2,084,403	2,084,403	0.00%
Total Capital Assets	4,899,725	4,689,687	4.29%
Less: Accumulated Depreciation & Amortization	(2,884,050)	(2,438,824)	15.44%
Net Capital Assets	\$ 2,015,675	\$ 2,250,863	-11.67%

The Corporation's mission is to ensure that the people of Mississippi benefit from its profits. The following factors are presented to inform readers of the financial statements about key initiatives and external conditions that could potentially affect future financial results:

- The Corporation will continue to introduce new instant ticket games across a range of price points to maintain player engagement and support revenue growth.
- As appropriate draw-style games are identified, the Corporation will seek to expand its current game portfolio, offering players additional options and increasing potential revenue streams.

- The Corporation will continually assess and optimize prize payout percentages for instant game products to maximize ticket sales while ensuring the highest possible net proceeds are transferred to the State.
- Ongoing inflationary pressures and the uncertain impact of tariffs may continue to impact consumer spending and could negatively affect lottery sales in the near term.

The Corporation remains committed to strategic growth, responsible game development, and maximizing returns to the State through operational excellence and financial stewardship.

# NOTES TO FINANCIAL STATEMENTS

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Alyce G. Clarke Mississippi Lottery Law (the Law), Senate Bill 2001 (First Extraordinary Session 2018) formed the Mississippi Lottery Corporation (the Corporation) to administer the State of Mississippi's lottery.

### REPORTING ENTITY

The Corporation's Board of Directors (the Board) governs the Corporation. The Board is comprised of five members appointed by the Governor, with the advice and consent of the Senate, in addition to the Commissioner of the Department of Revenue and the State Treasurer as ex officio members. The Corporation is a special-purpose government entity under the laws of the State of Mississippi and is a component unit of the State of Mississippi (the State). The accounting policies of the Corporation conform to accounting principles generally accepted in the United States of America (U.S GAAP) as applied to government units. The Corporation began conducting lottery games on November 25, 2019. The more significant accounting policies used by the Corporation are described below.

### MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The accompanying financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

### BUDGETARY INFORMATION

Budgets are prepared on a basis consistent with accounting principles generally accepted in the United States of America with concurrence by the Corporation's Board of Directors on an annual basis. The Corporation, however, is not required by statute to adopt a legally binding budget. Accordingly, budgetary information is not a required part of these financial statements.

### CASH AND CASH EQUIVALENTS

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. At June 30, 2025, the Corporation held no cash equivalents.

### RETAILER ACCOUNTS RECEIVABLE

Retailer accounts receivable consist of amounts due from retailers for gross ticket sales and weekly fees less commissions and prizes paid by the retailers. Lottery proceeds for instant tickets sold by retailers are due and payable to the Corporation upon pack settlement, which is the end of the billing cycle. Ticket packs will be settled 21 days following activation of the pack, or when 75% of low tier prizes in the pack have been validated, or upon manual change of pack status to "settled", whichever occurs first. Lottery proceeds for draw-style game tickets are due and payable at the end of the accounting period in accordance with Section 2.11 of Retailer Rules and Regulations. Lottery proceeds are collected from retailer bank accounts established in a trust. Retailers are invoiced for net proceeds on a weekly basis for all billable activity from Sunday through Saturday of each week.

### ALLOWANCE FOR DOUBTFUL ACCOUNTS

The Corporation will record a bad debt expense and related allowance for bad debt based on a quarterly review of outstanding retailer accounts receivable as a result of nonpayment. The outstanding balances are not written off against the allowance account until required retailer bonds are executed, and management determines any remaining balance, if any, for such account is deemed uncollectible. Retailers will be charged NSF fees in accordance with Section 2.12 of Retailer Rules and Regulations.

### ALLOWANCE FOR DOUBTFUL ACCOUNTS (CONTINUED)

In accordance with the Law, each retailer is required to post a bond or letter of credit with the Corporation using surety acceptable to the Corporation in an amount not to exceed twice the average lottery ticket sales of the lottery retailer for the period determined by the Corporation within which the lottery retailer is required to remit lottery funds to the Corporation. In accordance with the Corporation Rules and Regulations for 2025 and 2024, the amount of a retailer's initial letter of credit or bond shall be \$8,000 per retailer business location, subject to later adjustment by the Corporation.

### UNEARNED REVENUE

Unearned revenue represents amounts collected from retailers for draw style game tickets for Cash Pop, Cash 3, Cash 4, *Match 5*, *Lotto America*, *Mega Millions* and *Powerball* sold in advance of the drawing. These amounts collected are recognized as revenue once the related drawing occurs.

### PREPAID EXPENSES

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses. The cost of prepaid items is recorded as expenses when consumed rather than when paid.

### RESTRICTED ASSETS

Certain assets of the Corporation are classified as restricted assets on the statement of net position because their use is limited by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors, grantors, contributors or laws or regulations of other governments. Special restricted asset accounts have been established to account for the sources and uses of these limited use assets for prize reserves as follows:

As part of the Corporation's agreement with the Multi-State Lottery Association (MUSL), for both the *Powerball* and *Mega Millions* games, a certain percentage of sales must be contributed to MUSL by each member, when required, to bring the set prize and grand prize reserves up to the reserve requirement amounts as determined by MUSL.

*Mega Millions* prize reserve – Deposited in interest-bearing accounts and refunded upon termination of the MUSL agreement. In accordance with MUSL requirements, during the years ended June 30, 2025 and 2024, a total of (\$14,412) and \$301,319, respectively, was transferred from (to) the Corporation to MUSL to cover *Mega Millions* set prize reserves. At June 30, 2025 and 2024, the balance held by MUSL for *Mega Millions* set-aside prize reserve for the Corporation was \$1,081,134 and \$1,095,546, respectively.

*Powerball* prize reserve – Deposited in interest-bearing accounts and refunded upon termination of the MUSL agreement. In accordance with MUSL requirements, during the year ended June 30, 2025, a total of \$63,481 and \$37,433 was repaid related to the *Powerball* prize reserve. At June 30, 2025, the balance held by MUSL for *Powerball* set-aside prize reserve for the Corporation was \$878,552 and \$942,033, respectively. During the year ended June 30, 2025, a total of \$15,074 and \$37,433 was owed related to the *Powerball* set prize reserve. At June 30, 2025, the balance held by MUSL for the *Powerball* set prize reserve was \$382,176 and \$397,250.

### CAPITAL ASSETS

Capital assets include property, plant, equipment and right-to-use lease assets. Capital assets, except for right-to-use assets are recorded at cost at the date of acquisition or acquisition value at the date of donation if acquired by gift. The Corporation adheres to the state policy of capitalizing equipment only if the cost exceeds \$5,000 and has a useful life in excess of one year. Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

Capital asset classes	Lives
Buildings and leaseholds improvements	10 - 25 years
Equipment	3 - 15 years

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### COMPENSATED ABSENCES

The Corporation has an attendance and leave policy allowing employees to earn paid time off (PTO) during their employment on a calendar-year basis. The Corporation allows PTO not used in its entirety to be added to the next calendar year. The total maximum balance to be added to an employee's PTO for the next calendar year is 120 hours. Notwithstanding, the maximum number of accrued PTO hours will never exceed 120 hours.

Expense and the related liability are recognized as PTO hours are earned. Compensated absence liabilities are computed using the regular pay rates in effect at the statement of net position date and include salary-related benefits, where applicable. Employees are not compensated for any unused PTO upon termination of employment.

### UNCLAIMED PRIZES

Prizes not claimed within 90 days of the announced end-of-game date for instant games, and within 180 days of the drawing for all terminal-based draw-style games, are forfeited as unclaimed prizes. The Law requires that any unclaimed prize money be added to a pool from which future prizes are to be awarded or used for special prize promotions. As of June 30, 2025 and 2024, the Corporation had unclaimed prizes in the amount of \$22,267,841 and \$17,703,917, respectively, reported as prizes payable that had not yet been applied against prize expense.

### LEASES

Lease contracts that provide the Corporation with control of a non financial asset, such as land, buildings or equipment, for a period of time in excess of twelve months are reported as a right-to-use lease asset with a related lease liability. The lease liability is recorded at the present value of future lease payments, including fixed payments, variable payments based on an index or fixed rate and reasonably certain residual guarantees. The intangible right-to-use lease asset is recorded for the same amount as the related lease liability plus any prepayments and initial direct costs to place the asset in service. Right-to-use lease assets are amortized over the shorter of the useful life of the asset or the lease term. The lease liability is reduced for lease payments made, less the interest portion of the lease payment.

### CATEGORIES AND CLASSIFICATION OF NET POSITION

*Net position flow assumption* – Sometimes the Corporation will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Corporation's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Net position of the Corporation is classified in three components, as follows:

Net investment in capital assets – consists of capital assets, including lease assets, net of accumulated depreciation and amortization, less any outstanding debt or liability used to acquire the asset.

### REVENUES AND EXPENSES

Restricted net position is made up of noncapital assets that must be used for a particular purpose, as specified by legislation, creditors, grantors, or donors external to the Corporation, including amounts deposited with trustees as required by bond indentures, reduced by the outstanding balances of any related borrowings. In accordance with the Law, the Corporation reserves prize funds to the pool from which future prizes are to be awarded or used for special prize promotions.

Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets or restricted net position. At June 30, 2025, the Corporation had a deficit of \$3,391,859 and \$3,373,297, respectively, in this category.

The Corporation's statements of revenues, expenses and changes in net position distinguishes between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with providing lottery products and services, the Corporation's principal ongoing operations. Operating expenses include expenses incurred in providing those products and services. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

### INCOME TAXES

The Corporation was created by the Mississippi Legislature and is exempt from state and federal income taxes.

### REVENUE RECOGNITION

The Corporation recognizes revenue for instant games when retailers make them available for sale to the public, as indicated by the retailers' activation of tickets. Certain games include free tickets, which entitle the holder to exchange one instant ticket for another of equal value. The selling price of free tickets reduces instant ticket revenue when the free ticket is claimed by a player.

The Corporation recognizes revenue for terminal-based draw-style games based on the game characteristics. Revenues for draw-style games, whereby the prize expense is only determinable at the time of the related drawing, will be recognized after the tickets are sold to the players and the drawing occurs. Revenue collected from retailers for these games sold in advance of the draw are recorded as unearned revenue and recognized as the draw occurs.

### PRIZE EXPENSE

In accordance with the Law, as nearly as practical, at least 50% of ticket proceeds must be made available as prize money. The Corporation recognizes prize expense in the period of related revenue recognition, regardless of when prizes are claimed by the player. Gross prize expense for instant ticket sales is recognized based on a predetermined prize structure for each game in accordance with the approved game working papers when tickets are activated for sale. Draw-style games gross prize expense is recognized based on historical payout experience when the drawings occur.

Instant tickets – Instant ticket liability and expense are recognized at the point of ticket pack activation based on a predetermined prize payout for each game and are adjusted when the game ends. The Corporation will reconcile prize expense and prizes payable when the game is closed, and the claim period has ended. The prize structure is included as part of each instant game's working papers, which is the contractual commitment for the instant vendor to produce the game at a predetermined payout.

Draw-Style – Draw-style game prizes are recognized and recorded on the day of the draw. The Corporation prize expense is recognized for terminal-based draw-style games at 50% to 55% of net ticket sales, depending on the amount of prize payout allocated for each draw game and estimated unclaimed prizes. Cash Pop, Cash 3, Cash 4, *Match 5*, *Lotto America*, *Lotto America with EZ-Match*, *Powerball*, and *Mega Millions* prize expense is recognized as a percentage of ticket sales in accordance with the game rules and contractual agreement, as applicable (for example, *Powerball* Rule 28 and *Mega Millions* Rule 28).

### RETAILER COMMISSIONS

Retailers receive a commission of 6.0% on all instant tickets settled and draw-style tickets sold. The commission expense is recorded in the period of related ticket sales or activations. Where a commission has been paid to retailers for deferred ticket sales, this fee is recorded as a prepaid expense until the related revenue is recognized.

Retailers are also eligible to receive incentive payments in accordance with the following guidelines. The Corporation will pay an incentive of \$25,000 to a retailer in good standing with the Corporation that sells a jackpot winning *Powerball* or *Mega Millions* draw-style game play. The Corporation will pay an incentive of \$5,000 to a retailer in good standing with the Corporation who sells a winning draw-style game play (excluding a play described by the previous sentence) when the prize won is equal to or greater than \$1 million. If there are multiple winning plays sold in Mississippi in a single drawing that qualify for any of the incentives described in this section to be paid, the respective incentive is divided between and among the respective retailers equally, based on the number of winning plays sold by each retailer. The retailer incentive expense is accrued in the same period in which the winning ticket is drawn.

### GAMING VENDOR FEES

The Corporation has contracted with Brightstar Corporation (Brightstar) for the gaming systems and supplies. Brightstar operates a gaming network in Mississippi that consists of 1,847 and 1,813 instant and draw-style retailer ticket terminals and vending machines of 310 and 278 at June 30, 2025 and 2024, respectively. The contract is for a period continuing seven years after December 1, 2019, and is subject to three, one-year contract extensions. On May 7, 2024, the Corporation extended the term for a period of three years resulting in the term ending December 1, 2029.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### GAMING VENDOR FEES (CONTINUED)

Terms of the contract include a service fee rate of 1.9241% of gross online ticket sales revenue less cancelled transactions, plus the retail face value of all instant tickets activated during the week, less the retail face value of instant tickets returned, given as free tickets, returned as defective, reported stolen by a retailer, or issued by the Corporation as a promotion. The contract also includes a service fee rate of 1.4938% of the total face value of all instant tickets activated during the week, less the sum of the total face value of activated tickets returned by retailers during the given week, activated defective tickets, activated tickets reported stolen by retailers, and activated promotional tickets issued by the Corporation during the week. These fees are recorded as gaming vendor fees in the accompanying financial statements.

### USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

### SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 23, 2025, and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

### RECENTLY ISSUED AND IMPLEMENTED ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued a statement that will become effective in future years. This statement is as follows:

GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement continues the requirement that the basic financial statements be preceded by management's discussion

and analysis (MD&A), which is presented as required supplementary information (RSI). MD&A provides an objective and easily readable analysis of the government's financial activities based on currently known facts, decisions, or conditions and presents comparisons between the current year and the prior year. This Statement requires that the information presented in MD&A be limited to the related topics discussed in five sections: (1) Overview of the Financial Statements, (2) Financial Summary, (3) Detailed Analyses, (4) Significant Capital Asset and Long Term Financing Activity, and (5) Currently Known Facts, Decisions, or Conditions. Furthermore, this Statement stresses that the detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed. This Statement emphasizes that the analysis provided in MD&A should avoid unnecessary duplication by not repeating explanations that may be relevant to multiple sections and that "boilerplate" discussions should be avoided by presenting only the most relevant information, focused on the primary government. In addition, this Statement continues the requirement that information included in MD&A distinguish between that of the primary government and its discretely presented component units. This Statement describes unusual or infrequent items as transactions and other events that are either unusual in nature or infrequent in occurrence. Furthermore, governments are required to display the inflows and outflows related to each unusual or infrequent item separately as the last presented flow(s) of resources prior to the net change in resource flows in the government-wide, governmental fund, and proprietary fund statements of resource flows.

This Statement requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses. Operating revenues and expenses are defined as revenues and expenses other than nonoperating revenues and expenses. Nonoperating revenues and expenses are defined as (1) subsidies received and provided, (2) contributions to permanent and term endowments, (3) revenues and expenses related to financing, (4) resources from the disposal of capital assets and inventory, and (5) investment income and expenses. In addition to the subtotals currently required in a proprietary fund statement of revenues, expenses, and changes in fund net position, this Statement requires that a subtotal for operating income (loss) and noncapital subsidies be presented before reporting other nonoperating revenues and expenses. Subsidies are defined as (1) resources received from another

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### RECENTLY ISSUED AND IMPLEMENTED ACCOUNTING PRONOUNCEMENTS (CONTINUED)

party or fund (a) for which the proprietary fund does not provide goods and services to the other party or fund and (b) that directly or indirectly keep the proprietary fund's current or future fees and charges lower than they would be otherwise, (2) resources provided to another party or fund (a) for which the other party or fund does not provide goods and services to the proprietary fund and (b) that are recoverable through the proprietary fund's current or future pricing policies, and (3) all other transfers. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

The Corporation is evaluating the requirements of the above statement and the impact on reporting.

## NOTE 2: DEPOSITS

### DEPOSITS

*Custodial credit risk* – Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government may not be able to recover deposits. Monies placed on deposit with financial institutions in the form of demand deposits, time deposits or certificate of deposits are defined as public deposits. The Corporation's deposit policy for custodial credit risk and the Law require compliance with the provisions of Section 27-105-5 Miss. Code Ann. (1972).

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 Miss. Code Ann. (1972). Under this program, the Corporation's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

As of June 30, 2025, \$500,000 was insured by FDIC, and monies invested in amounts greater than the insurance coverage are secured in qualified public depositories pledging securities with the State Treasurer.

### NOTE 3: CAPITAL ASSETS

The following is a summary of changes in capital assets during the years ended June 30, 2025 and 2024:

	2025				
	Beginning Balance	Additions	Disposals	Transfers	Ending Balance
Buildings and leasehold improvements	\$ 808,443	\$ 104,155	\$ -	\$ -	\$ 912,598
Equipment	987,336	-	-	-	987,336
Vehicles	809,505	333,494	(227,611)	-	915,388
Capital assets, being depreciated	2,605,284	437,649	(227,611)	-	2,815,322
Less accumulated depreciation

#### NOTE 4: DUE TO STATE OF MISSISSIPPI AND TRANSFERS TO STATE OF MISSISSIPPI

In accordance with Section 26(c) of the Law, all net proceeds of the Corporation are due to the State of Mississippi. In accordance with the Law, distributions of net proceeds shall be made within 20 days following the close of each calendar month. In accordance with Section 43 of the Law, net proceeds generated by the Corporation shall be paid to the State of Mississippi Highway Fund until June 30, 2028, not to exceed \$80 million per fiscal year. All monies deposited into the Lottery Proceeds Fund over \$80 million per fiscal year shall be transferred into the Education Enhancement Fund for the purposes of funding the Early Childhood Learning Collaborative, the Classroom Supply Fund, and other educational purposes.

Net proceeds for the years ended June 30, 2025 and 2024 are summarized as follows:

For the years ended June 30,	2025	2024
<b>Operating Revenues</b>		
Ticket sales	\$ 444,378,248	\$ 477,581,306
Less tickets provided as prizes	(3,918,435)	(3,931,432)
Net ticket sales	440,459,813	473,649,874
Other operating revenues	1,855,090	1,873,647
<b>Operating Expenses</b>		
Gaming	279,723,313	298,661,533
Operating	52,251,290	54,081,285
Total operating expenses, as defined	331,974,603	352,742,818
<b>Operating Income</b>	110,340,300	122,780,703
<b>Nonoperating Revenues (Expenses)</b>		
Interest income	2,173,186	2,202,296
Interest expense	(52,496)	(60,822)
Other revenue	540,116	180,198
Total nonoperating revenues (expenses)	2,660,806	2,321,672
<b>Net Proceeds</b>	<b>\$ 113,001,106</b>	\$ 125,102,375

#### NOTE 5: LONG-TERM DEBT AND LIABILITIES

##### LEASES – LESSEE

The Corporation has entered into a lease agreement to obtain the right-to-use a building. The total annual rental for the building that the Corporation paid for the fiscal year ended June 30, 2025 was \$268,975. The lease has a 10-year term. The lease liability is discounted using the Corporation's incremental borrowing rate of 4.0%. Variable payments based upon the use of the underlying asset are not included in the lease liability because they are not fixed in substance. On March 17, 2025, the lease agreement was amended to terminate a small portion of the leased space as of June 30, 2025.

The following is a schedule of minimum future lease payments from lease agreements as of June 30, 2025:

Year ending June 30	Principal Payments	Interest Expense	Total
2026	\$ 225,184	\$ 42,990	\$ 268,174
2027	237,332	33,982	271,314
2028	246,825	24,489	271,314
2029	256,698	14,616	271,314
2030	108,700	4,348	113,048
	\$ 1,074,739	\$ 120,425	\$ 1,195,164

##### CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2025:

2025				
Beginning Balance	Additions	Deductions	Ending Balance	Current Portion
\$ 1,312,395	\$ -	\$ (216,480)	\$ 1,095,915	\$ 225,184

Long-term liability activity for the year ended June 30, 2024:

2024				
Beginning Balance	Additions	Deductions	Ending Balance	Current Portion
\$ 1,520,548	\$ -	\$ (208,153)	\$ 1,312,395	\$ 216,479

## NOTE 6: NET INVESTMENT IN CAPITAL ASSETS

The elements of this calculation are as follows:

	2025	2024
Capital assets (net)	\$ 2,015,676	\$ 2,250,863
Outstanding debt related to capital assets	(1,095,915)	(1,312,395)
Net investment in capital assets	\$ 919,761	\$ 938,468

## NOTE 7: EMPLOYEE RETIREMENT PLANS

The Corporation has three types of defined contribution retirement plans for its employees. The first is a Governmental 401(a) Plan. The second plan is an Eligible Governmental 457 Plan, which permits employees to make additional pretax contributions from their wages up to defined Internal Revenue Service (IRS) limitations. The third plan is an Eligible Government 457 Roth plan, which permits employees to make additional post-tax contributions from their wages up to defined Internal Revenue Service (IRS) limitations. In the 401(a) plan, the Corporation contributes 100% of each employee's pretax wages that are deferred in the 457 and 457 Roth plans up to 4%. The Corporation's contributions are limited to 4% and are made only to the extent of each individual employee's contributions to the 457 and 457 Roth plans up to a total of \$23,500 (\$31,000 for catch-up eligible employees) per employee for calendar year ended 2025.

Retirement expense is recorded for the amount of the Corporation's required contributions and administrative fees determined in accordance with the terms of the plans. The Corporation has an appointed investment committee, including the President and an external investment advisor, to administer the plans. Benefit provisions are contained in the plan documents and, where established, can be amended by action of the Corporation's Board of Directors and management. Employee contributions of pretax wages are subject to a maximum set by the IRS.

Contributions made by the Corporation were \$147,107 and \$141,961 during the years ended June 30, 2025 and 2024, respectively.

## NOTE 8: RISK MANAGEMENT

The Corporation is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters and employee health and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters. Settled claims have not exceeded this commercial coverage since the Corporation was formed. Settlements for workers' compensation were insignificant in 2025 and 2024.

## NOTE 9: COMMITMENTS AND CONTINGENCIES

### LITIGATION

During the ordinary course of its operation, the Corporation is party to various claims, legal actions, and complaints. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the Corporation, the liabilities which may arise from such actions would not result in losses which would exceed the liability insurance limits in effect at the time the claim arose or otherwise materially affect the financial condition of the Corporation or results of activities.

## INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors  
Mississippi Lottery Corporation  
Flowood, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Mississippi Lottery Corporation (the “Corporation”), a component unit of the State of Mississippi, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Corporation’s basic financial statements and have issued our report thereon dated September 23, 2025.

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered Corporation’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation’s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be a material weakness. However, material weaknesses or significant deficiencies may exist that were not identified.

### REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Corporation’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s

internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
